FLAG OF TRUCE ON PEACE TRAIN

Government Agents and Rebels
Meet at San Isidro for
Conference

GUARANTY OF SUFFRAGE AND AMNESTY IS ASKED

Madero Must be Included in
Peace Agreements or Amer-
ica Not to Harbor Him

MEXICO CITY, Dec. 3.—While the State Department refused to admit that official agents of the government are conferring with the rebel leaders today at San Isidro, the announcement was officially made that the government will appoint a peace commission to treat with the insurgents. Governors of Mexican states will be selected to serve, the committee also including agents of the State Department. Rafael Martinez, partisan of General Reyes, today petitioned Diaz to accord amnesty to Francisco Madero. It is generally believed this will be done. The rebels tacitly agreed to meet immediately.

**REBELS DEMAND AMNESTY
AND FREE SUFFRAGE**
EL PASO, Dec. 3.—Amnesty for all revolutionists, including Francisco Madero, with free suffrage guaranteed, were the terms demanded by the rebels at their conference with the government agents at San Isidro today.

The Mexican government is represented by Judge Jose Gandara, General Gardenas, Amador Gonzales and Jose Gonzales, Captain Herrera headed the rebel treaters.

**PEACE EMISSARIES VISITED
REBELS AT SAN ISIDRO**
EL PASO, Dec. 3.—Peace emissaries from President Diaz are conferring today with representatives of the revolutionists at San Isidro, according to messages received here. The peace commission traveled from Mexico City to San Isidro on a special train with a white flag flying from the engine.

**DIAZ REAPPOINTS
CABINET OFFICERS**
MEXICO CITY, Dec. 3.—Following his inauguration, President Diaz announced the reappointment of cabinet members as follows:

Minister of Foreign Relations, Enrique C. Creel; Minister of Justice, Justino Fernandez; Minister of Public Instruction, Justo Sierra; Minister of Fomento, Olegario Molina; Minister of Communication and Public Works, Leandro Fernandez; Minister of War and Marine, Gen. Manuel Gonzales Cosio.

**MADERO WANTS REFUGE HERE
IF REVOLT IS UNSUCCESSFUL**
WASHINGTON, Dec. 3.—A recent consultation of Gustavo Madero, brother of the Mexican rebel leader, with the State department, resulted today in an intimation by the officials of the department that Francisco Madero would not be given an asylum on American soil if the insurrection was unsuccessful. Madero, he said, practically stands charged with violating the American neutrality laws by organizing a revolutionary expedition here, and crossing the border into a friendly nation at its head. If President Diaz grants him amnesty, no further action will be taken if he attempts to live in America.

ORANGE COUNTY'S PLAN AROUSES INTEREST LONG BEACH CITIZENS ARE WILLING TO HEAR ARGUMENT

Long Beach is much interested in the proposed invitation of Orange county to annex a strip along the county lines, in the event that Los Angeles forms a city and county government.

The Long Beach Press yesterday said: "The report printed in the Press last night relative to the discussion by representative men of Orange county at the conference held at Anaheim, of the proposition to have Long Beach join with Orange by becoming an integral part thereof, created widespread interest in this city."

"While there appears to be a big majority in favor of the plan in case Los Angeles carries out her scheme of city and county government, there are a few who are opposed to it. Even many old-line consolidationists are emphatic in their denunciation of the supposed plan of Los Angeles, if it would result in the loss to Long Beach of her identity as a city. These citizens say they believe under such conditions it would be much better to join with Orange county."

"Whatever we do should be along the most conservative lines," said one prominent citizen. "This is a question that is of great importance, and we certainly should be very careful." "The discussion has been the sore spot which is harbored by many, that Los Angeles has never been fair to Long Beach, and that this unfriendly disposition would not be improved even in case of consolidation, although it might be under the borough system."

"It is known that the city and county government plan is far from meeting unanimous endorsement even in Los Angeles, and that many men who have large holdings in Los Angeles and the surrounding territory, are opposed to it."

"The committee from Orange county that will come to Long Beach to look into the situation, is not expected before some day next week. The visitors will then confer with some of the leading citizens here and test local sentiment, making every effort to arrive at some definite understanding by which the annexation can be carried out to the satisfaction of both Long Beach and Orange county, in the event that such conclusion is amicably reached."

The Long Beach Press today prints the following editorial: "The people of Orange county are alive to the possibilities of the situation when Los Angeles has formed her city and county district, and propose to be ready to take from the wreck all that may be of advantage to them. It is a little early as yet to discuss the matter intelligently, as the plans of Los Angeles have not been perfected, or perhaps it would be more nearly correct to say, have not been published as yet."

"So far as may be told from the surface indications, the purpose is to compel Long Beach to join the new city and county by cutting her off from the remainder of the county. This would leave a strip along the west line of Orange county containing Whittier, Norwalk, Artesia, Downey and the La Habra region, as well as our own city, which would be practically isolated from Pomona and all the eastern portion of Los Angeles county. It would then have the option of remaining in that condition or joining the older county on the east if it could."

"There seems to be no division of sentiment in Orange county as to taking in the Whittier district, but there is opposition to Long Beach. Newport very naturally desires the backing of the entire county for its beach and proposed harbor, and will fight the admission of any rival. "Santa Ana fears the voting strength of Long Beach may be used in taking the county seat from her and will probably ask to be shown before deciding either way. This is no more than was to be expected and can be handled very easily when the time comes, if it ever does. It should be very easy to show the people of Newport that they have nothing to fear from this city, whether we annex or not. So far as the county seat is concerned, the location of Long Beach would make her ineligible if she wanted that harbor; but no one here thinks of it, and it would be easy to give such assurance as would put the minds of all the remainder of the county at rest on that issue."

"As has been said, however, it is too early to do more than consider this question tentatively. There is so much to be learned and so many questions to be settled before we decide just what we want to do that any attempt at serious discussion now would be futile. There is undoubtedly a strong sentiment here in favor of joining fortunes with Orange county if our own county does not do the right thing by us, and nothing can be lost by cultivating the present friendly relations with all our neighbors on the east. At the same time we may well profit by the alertness shown by Orange county and take every possible precaution to see that no joker is slipped through the legislature which will take the power of handling our own business out of our hands."

"If he is appointed," it says, "there will be reason for the people saying the Supreme Court is under the control of the corporations."

port on Valuations by Ex-
pert Ready in Short Time

Representatives of the Southern California Edison Co. were before the City Trustees, who met last night to approve bills, and asked the trustees to do nothing in regard to the fixing of gas and electric rates until an expert employed by the company makes his report.

The Edison men were, the general secretary, Ballard Frost, of Redlands and Manager Deimling of Santa Ana. They stated that the Edison Co. has had an expert going over all of their plants in Southern California for the purpose of putting a valuation upon each plant. His figures will be available in three or four weeks. The trustees did not say whether or not they would wait that long. The ordinance fixing the rates for the next year comes up for passage next Monday evening.

The trustees have not yet heard from the citizens committee appointed to investigate the figures presented to the trustees several weeks ago by the Edison Co. Mr. Parr, chairman of the committee, has been away in the east most of the time, and the work of the committee has been delayed.

NEW STEAMERS WILL START RATE WAR IT IS NOW PREDICTED

SAN FRANCISCO, Dec. 3.—The inauguration of the new service between here and Los Angeles of the palatial passenger liners, Yale and Harvard, a couple of weeks hence, it is reported, will start a rate war that promises to be the most bitter ever waged on the Pacific coast.

Though none of the steamship companies now operating between the two ports will admit that they will start the war, they declare that the battle will be on whenever their passenger lists begin to decline. As the passenger capacity of the Yale and Harvard is sufficient to handle all of the traffic now carried by all of the other companies combined, the supply of passengers is insufficient to fill the ships.

BELIEVED LORDS WILL WEATHER ELECTION

LONDON, Dec. 3.—The stock exchange quotes odds of four to one that the Liberals, Irish Nationalists and the Labor Alliance will elect a majority in the House of Commons. The belief is growing, however, that the House of Lords will weather the election storm and retain the veto power. The most sanguine predictions, however, claim a very small liberal majority.

Excitement and interest in the elections are increasing throughout England. Seventy constituencies in England and Scotland, held electorally but the early returns did not indicate results. The same constituencies were represented in the last parliament by thirty-six Liberals, twenty-six Unionists and eight Laborites.

The Liberals claim their chances are impaired by the publicity given to the rumored theatrical offer by Cohen and Harris, Americans, to Chancellor Lloyd George of \$5000 weekly to appear in vaudeville in speeches. They declare the offer suggests that the Chancellor is regarded abroad as a clown.

A Woman's Back

As many aches and pains caused by weaknesses and falling, or other displacement of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of un-known composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Lot Owners

Many persons who own a lot are still paying house rent to some other lot owner. Why do this when you can build a comfortable home on your own lot? Even though you did not wish to live in the house, it would greatly improve your lot, and also give you a monthly income. The rent which you now pay, or the amount of rent you would receive each month for the house, would, in a few years, pay back the money you borrowed to build. Now the Orange County Mutual Building Loan Association of Santa Ana will cheerfully loan you the money to build. Our easy monthly terms of \$1.25 on each \$100.00 that you borrow, which also includes interest, will surely interest you. If you will telephone Red 3286, or drop me a card, I will be pleased to call.

FINED WOMAN CHARGE FRAUD

Wife of "Great Fer-Don"
Shoulders Court Sentence
—Husband a Fugitive

The Great Fer-Don, a street doctor who held forth in Santa Ana for a time a year or two ago, has been having a deal of trouble in Sacramento. The Times this morning has this:

SACRAMENTO, Dec. 2.—Mrs. Fer-Don, who arrived here yesterday from Los Angeles, pleaded guilty before Superior Judge Hughes today to an indictment brought against her by the grand jury, charging conspiracy to defraud.

She was fined \$1000. Fer-Don, who is a fugitive from justice, furnished bail through an attorney in the sum of \$1000 and had her case set for trial for tomorrow morning at 10 o'clock. At that time, if he does not appear in court, the bail will be forfeited, and it is thoroughly understood by the authorities that Fer-Don will not appear.

The action taken today was the result of an agreement between the authorities and the Fer-Don, following a proposition made by Mrs. Fer-Don through her attorney, to surrender herself into custody and end the chase of months made by the officials to locate the woman and her husband.

Two indictments charging Fer-Don and his wife with conspiracy to commit a felony, to wit—the obtaining of money under false pretenses from patients treated while Fer-Don operated as a traveling practitioner here some months ago, were returned by the grand jury a few days ago.

CHARMING HAIR

Every Woman Can Have It by Using
Parisian Sage Guaranteed by
Rowley Drug Co.

—There is a reason for the phenomenal sale of Parisian Sage in the United States since it was first introduced into America, and the sales this year are breaking all records.

And the reason is plain to all: Parisian Sage does just what it is advertised to do.

Ask the Rowley Drug Co. about it. They will tell you that they rigidly guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks, or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer.

But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by leading druggists everywhere and in Santa Ana by Rowley Drug Co. for 50 cents a large bottle. The girl with Auburn hair is on every package; mail orders filled, charges prepaid, by the American makers, Giroux Mfg. Co., Buffalo, N. Y.

The city police are finding the tribe of the box-car traveler increasing. Each night a number of men are arrested for hanging about the packing houses and the railroads. Last night seven were brought in by Officers Cervantes and Heard. One man, Geo. Brown, was allowed to go by Justice

Smithwick, on the man's assertion that he had a job waiting for him at Orange. Two others were not much concerned, but they pleaded not guilty and trial was set for Monday. Ed. Montrose and Hugh Peary had no word of defense or protest. They went to jail for ten days. Dick Williams is the kind who gets a job for a week or two and then hits the road. He will stay in jail ten days.

MAN-BIRD WOULD HUNT FROM AERIAL MACHINE

SAN FRANCISCO, Dec. 2.—Hubert Latham, the French aviator, who was among the first of the aero guard to arrive here for the big festival of the air that is now being arranged for, has announced that he is willing to post \$5000 against any reasonable odds that he can hunt and kill big game from his monoplane, which is similar to the machine that was wrecked and threw him into the English Channel.

Latham is the first to suggest that hunting be elevated from the ground to the upper lanes of California.

SUBSTANTIAL GROWTH

The census bureau's announcement of the population of the different counties of California, places Orange county in the class of the counties that have made a substantial growth. Three classes are mentioned in the report. There are ten counties that have lost population; twenty counties that have made but a nominal gain; twenty-eight counties that have made substantial gains. It is with considerable pleasure that we find Orange county in the class that has made substantial gains, for we feel assured that the last ten years are the counties that will continue to make gains, that thus make themselves more important factors in the commonwealth.

Orange county has a population of 34,436. Those figures stand for 1910. The increase over 1900 is 14,749, since the census figures for Orange county in 1900 are 19,686. In 1890 Orange county had a population of 13,589. Thus we find Orange county gaining more in population in the last ten years than there were people in the county twenty years ago.

Orange county has never been a county of mushroom growth. Its progress has been steady as clockwork. Its cities have increased only in proportion to the development of the country tributary to them. As pasture land has changed to farming land, as grain land has changed to bean land, as bare fields have changed to flourishing orange, lemon and walnut groves, as swamp has been drained and converted into celery and sugar beet lands, so has Orange county grown and laid a lasting foundation for the future. No county has laid a better foundation. No county has room for better and more substantial development. Orange county is still young. It is full of opportunities. It is, indeed, a good county to live in, as some 34,436 people well know.

The most encouraging reports continue to be made by the various citrus associations throughout this section upon the business of the past season and as they are backed by the dollars, the members have every reason to rejoice over having found this happy solution of their old-time problems. So uniformly successful has this method proven to be that the members now have most of the business once done by the individuals entrusted to their associations or to the Fruit Exchange. By doing this they get the decided advantage of wholesale prices on practically everything they are compelled to buy in the line of their business, and the saving thus made forms a considerable part of their annual profits.

The California delegation is on its way to Washington to show doubting congressmen, if there be any, the superior claims of San Francisco to the Panama Exposition. The company includes many of the leading orators and statesmen of the Pacific Coast and undoubtedly New Orleans will throw up her hands when she reads the list. In addition there is a car along containing an exhibit of the products of the state which has always been grateful to the eastern palate and much may well be hoped from the double treat promised the lawmakers.

Those Southern papers that have been so busily pointing out the only true and narrow way to bribe ridden Pennsylvania and Illinois will now do well to turn a little of their enthusiasm

asm for reform upon Mississippi. That state is engaged in exactly the same sort of a trial as has been causing Senator Lorimer so much anguish of spirit and its people probably need the remodeling force of a little good advice just as acutely as their northern brethren.

Word comes from San Bernardino that the Salt Lake is planning the immediate construction of an independent line from Daggett south and west into this valley. This will be good news for all Southern California as the greater the number of independent transcontinental lines the better will be the chances for the producers and shippers generally.

A Los Angeles concern is planning to supply the interior towns, as far back as Riverside, with high pressure gas from one big plant situated at this end of the line. It is a big undertaking, but the promoters may find some of the towns in question preferring to support home institutions rather than be tied to a Los Angeles corporation.

An Uncertain Luxury

"I never saw a man who insisted on having a sure thing as Mr. Penniwise does. He declines to pay for anything unless he knows exactly what he is getting."

"That's true. He won't even buy a canteloupe."

A Walking Gentleman

"Talking about home life in the profession there is an actor who has trodden most of the ties of his life under foot."

"The wretch!"

"Nay, not so. They were mostly railroad ties."

Mrs. Hotchkiss, who is putting much time and labor into the production of the lovely music, is very happy in the fact that she has been able to secure the services of Miss Oulet of Los Angeles, who is more than locally famous as a harpist. Miss Oulet will ship her magnificent harp to Santa Ana for this occasion and the melodies of the harp will be a striking adjunct to the cantata.

A Unique Society

It is of interest to note that Los Angeles is the home of one of the most unique organizations in the world, there being perhaps one other, and that in London. It is an association formed to foster the Celtic spirit, to study and restore the Celtic language, to delve into the traditions, history and literature of the Celtic race, all of which are known to be rich in poetry and romance.

At the club rooms will be found, comingling in warmest fellowship, those of carrying political and religious faiths. Its membership embraces a bishop of the Roman Catholic church and one of the Protestant religion. A judge of the Supreme Court of California, the mayor of Los Angeles, and many other noted persons belong. There may be found Irishmen, Scotchmen and Welshmen, Cornishmen, Manxmen and Bretons, all of which are known to be rich in poetry and romance.

At a recent meeting of the club a pilgrimage to the Celtic countries was indorsed, under the leadership of two of its members, John S. McGroarty, editor of the West Coast Magazine, and Frank Baker, a traveler and lecturer. The pilgrimage will be made in April of next year, and it is hoped that a large party will be recruited on the Pacific coast to make the trip.

TWO BATTLE SHIPS A YEAR

Such Is Sec. of Navy Meyer's Estimate As Given in His Yearly Report

WASHINGTON, Dec. 1.—Two battleships, one collier, one gunboat and one river gunboat, two seagoing tugs, two submarines, one submarine tender.

This is the naval construction program of the Secretary of the Navy as it appears in his annual report. The number of the ships is used by permission of the Secretary, as the whole report is not yet released for publication. Commenting on the program the secretary says:

"It is of great importance that the construction of the navy should proceed on a regular and systematic plan. The arguments for such a policy, based upon the necessity of maintaining our relative position as a naval power in the interest of the preservation of peace, have been very thoroughly presented.

"In addition, however, to this it is important to lay special emphasis on the effect of any break in this policy upon the shipyards of the country. The navy must be, to a certain extent, dependent for its material, and to some extent for its repair facilities in war times, on these establishments.

Essential to Nation's Safety

"Their preservation and continuance in business are necessary to the national safety. It is in this light that the need for a regular system of naval appropriations becomes of additional importance. Two battleships a year with minor construction is about as little as will suffice to obtain the result."

Mr. Meyer replied today to criticism of his estimates as misleading. Representative Foss, of the naval affairs committee of the House, having contended that by a puzzle of figures \$12,000,000 more would be spent than appears in the official estimates. Secretary Meyer said last night:

"As clearly shown by the estimates submitted to Congress and by the recapitulation, the estimates for the naval bill, exclusive of the building program, amounted to \$113,806,231.24. The first year's expenses for the new building program to be recommended by the department amounted to \$13,209,928, bringing the total estimates for the naval bill to \$127,016,159.24.

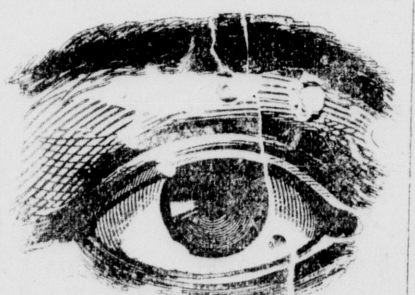

"Since the estimates were sent to the Treasury Department it has been found possible to reduce the bill by the following amounts: Under the Bureau of Construction and Repair, \$500,000; under the Bureau of Steam Engineering, \$100,000; under the new

The Important Problem

confronting anyone in need of a laxative is not a question of a single action only, but of permanently beneficial effects, which will follow proper efforts to live in a healthful way, with the assistance of Syrup of Figs and Elixir of Senna, whenever it is required, as it cleanses the system gently yet promptly, without irritation and will therefore always have the preference of all who wish the best of family laxatives.

The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

To get its beneficial effects, always buy the genuine manufactured by the California Fig Syrup Co. only.

building program, \$369,500, which brings the naval bill to a total, including expenses for the first year of the new building program, of \$126,046,659.24, which is more than \$5,000,000 less than the amount appropriated in the naval bill for the present fiscal year."

Whiskbroom for Corn

The shopper who knows just what she wants and insists upon having it unearths many a department store secret. A search for a whiskbroom of unusually fine straw took one persistent buyer into the kitchen department of a big store, where she saw a counter full of brooms labeled, "whiskbrooms for silking corn." Inquiry brought out the information that many housekeepers whose families are fond of corn on the cob have discovered that a fine whiskbroom is the best thing known for brushing silk from the ears and that it pays to keep a supply of extra fine brooms in the regular kitchen department.

FOREVER ENDS INDIGESTION

No Heartburn, Gas, Headache or Dyspepsia Five Minutes Later

—Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you up, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your Pharmacist for a 50-cent case of Pape's Diapiesin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble.

Quick Justice

A Yorkshireman was standing next to a representative of the Red Rex on the second day of the Blackpool flying meeting, when he remarked: "I understand that justice is meted out very quickly in these parts." "Quickly!" exclaimed the Lancastrian. "I should think it is. Why, mate, only yesterday an airman fell out of his aeroplane, and he was tried and sentenced to six months in jail before he hit the ground." "You don't say so! What was the charge?" "Vagrancy; he had no visible means of support."

An Idyl of Theocritus

The thievish Love—a cruel bee once stung him, as he was rifling honey from the hives, and pricked his finger tips all; then he was in pain, and blew upon his hand, and leaped, and stamped the ground. And then he showed his hurt to Aphrodite, and made much complaint, how that the bee is a tiny creature, and yet what wounds it deals! And his mother laughed out, and said, "Art thou not even such a creature as the bees, for tiny art thou, but what wounds thou dearest!"—From the Greek, by Andrew Lang.

Former Lieutenant-Colonel of United States Army Passed Away Here

Col. Frederick W. Schaurte, a veteran of the United States army, died at 9:15 o'clock last night at the Lacy House, where he and his wife resided. Tomorrow Mrs. Schaurte and her son-in-law, James Breckenridge of St. Louis, Mo., start for St. Louis with the remains.

Col. Schaurte was born in Cologne, Germany, on Dec. 3, 1836. On coming to the United States he entered the army as a private, and served fourteen years, retiring as a lieutenant-colonel. For twelve years he was postoffice inspector for the Western division. He was well known in military, railroad and financial circles all over the West.

For the last sixteen years Col. Schaurte and his wife, a sister of Mrs. Alex. Lacy, have spent the winters in Santa Ana, where they made hosts of warm friends. Col. Schaurte leaves, besides his wife, one daughter, Mrs. Breckenridge of St. Louis. Col. Schaurte had been failing for several weeks previous to his death.

LOS ANGELES PRODUCE MARKET

Business has not yet recovered from the reaction following the tremendous activity of the week preceding Thanksgiving Day. A few average sales have been made on the Produce Exchange, but practically nothing has been done on the street. Those who found their stocks greatly depleted have been laying in supplies of fruit, vegetables and nuts. A large shipment of pineapples from Hawaii was reported in. They were of the best stock and sold at 8 cents a pound. Strawberries have again invaded the market, selling at 6 and 7 cents a box. Persimmons brought from 1.25 to 1.75 a crate, according to size. Red Emperors are selling at 1.00 a lug box—a trifle below the listed price—and Malagas at 1.50, or 15 cents above the quotation. A shortage of lettuce was reported, but the price was not advanced. Celery brought 2.50 a crate and Christmas cantaloupes 25 cents less. Hothouse cucumbers are making their first appearance on the market. They are selling at 1.25 a dozen. Local dealers have been shipping celery and grapes to Oregon and Salt Lake City.

The price of local eggs advanced 1 cent, making new quotations of candled 42 cents, and on case count 38 cents a dozen. The San Francisco quotation has dropped 1½ cents, making it 45½ cents on the best stock. There was a good demand for local eggs. They sold at 38 cents on 'Change. Receipts were 71 cases.

Arrivals of butter were 8576 pounds. There was no change in the listed price of this commodity. Prices throughout the east and on the coast are steady, and several points lower than the Los Angeles quotation. An increase of ½ cent is reported in New York.

Cheese receipts were 4546 pounds. The market is firm, and there is a

steady demand in Oregon twins. There was no change in prices.

The potato market was firm in all grades, with no changes in quotations. An advance in prices is expected soon. Receipts of spuds were 4320 sacks.

With no receipts reported for today and yesterday, and light arrivals the past week in the onion market, prices have taken a decided jump. Oregon advanced 10 cents on the 100 pounds, and Nevada 25 cents, making the price listed 1.85 for the former and 2.00 for the latter. Garlic rose from 7 to 8 cents to 8 to 10 cents per pound.

Sweet potatoes still maintain their high price of 1.60 to 1.75 per 100 pounds. There was a good demand for sweets. Arrivals were 197 sacks. There were no bean arrivals reported. Receipts in this commodity have been very light, and owing to the fact that the demand is very slight, the price has not advanced.

Apple receipts were 580 boxes, with no change in prices. The market on bellefleurs steadied up well. The market was firm. There were no changes in the fish situation, barracuda being the only fish on the market.

There was an increase in the wholesale price on poultry. Broilers advanced 6 cents, making the quotation 27 cents. Old roosters are listed at 16 cents. Geese and ducks advanced 5 cents each. The quotations are, geese, 23 cents, and ducks 25 cents. Turkeys remained the same, 26 cents.

**PLAYING FOR
FIRST PLACE**

Orange and Santa Ana Teams
Are Meeting at Orange
This Afternoon

The boys' and girls' basketball teams of the High School are playing at Orange this afternoon for the Orange county championship. Comparative scores give a balance in favor of the Santa Ana girls over their competitors. What the result of the game will be remains to be seen.

No dope can be had as to the standing of the boys' teams. The Santa Ana boys have greatly improved in team work in the last few days. W. Reeves, of football fame, is showing up well at guard along with some of the other boys who have been practicing much longer. Oertly at forward, shows promise of making one of the best men in that position the school has had for several years.

The boys' team lined up with Oertly and Reed, forwards; Vawters, center; Reeves and Jaques, guards. As there is so little to choose between the playing of a number of guard candidates a lot of changes will be made during the game.

The girls' line-up is not known. The teams are in charge of Miss Arbutnot and Mr. Shepard of the faculty.

Foreclosure Decree

In the superior court yesterday a foreclosure decree was ordered in favor of C. J. Heckman against Henry Rueger, for \$508.45. Property at Bay City is concerned.

Another Citation

Judge West has ordered another citation issued in the case of the petition of Caroline B. Pittman for letters of guardianship upon the estate of her son, Frederick B. Tuffree, alleged to be an incompetent person. The petition will be heard on Dec. 12.

In China Dinner Ware we carry thirteen open stock patterns from either of which you can select a set of any desired number of pieces. We also have all the special sets and single odd pieces in a variety of designs.

Our stock of Cut Glass is easily the most complete to be found in Santa Ana and includes pieces of all kinds.

**China
for Children**

Something new in our china for the young folks is our Mother Goose series. The ware is genuine imported china decorated with six different subjects from Mother Goose: Jack and Jill, Little Miss Muffit, Little Bo-Peep, Little Boy Blue, Jack and the Bean Stalk, and Little Jack Horner. There are all kinds of pieces for children beautifully decorated with the above subjects—plates, mugs, mush and milk sets, pitchers, candlesticks, etc.

Don't miss seeing our line of Christmas China.

**SCHOOL BOARD WANTS
SIDEWALKS ALONG THE
STREETS NEAR SCHOOLS**

Petitions are being circulated, or will be circulated, at the instance of the school board for the purpose of securing cement sidewalks on several streets in the vicinity of the two new schoolhouses, Lincoln school on French street near Washington, and Jefferson school at the corner of Ross and Seventeenth streets. Without these walks school children will find travel rather muddy during stormy weather.

McDannald Comes Down After Literature and Exhibits For His Work

D. W. McDannald, who is representing Orange county at the Los Angeles Chamber of Commerce, ran down today to get some county literature and exhibits. He has been at work for a week, and he is enthusiastic over the prospects for getting many new settlers for Orange county.

"Practically every easterner who comes into the Chamber of Commerce is seeking a location," said McDannald. "I have talked to scores of people, probably 500 altogether, and they were all hungry for information. They were from all parts of the Union."

WASHINGTON, Dec. 3.—The San Francisco Fair posters who visited President Taft again today, believe the president intimated that he favors San Francisco when he said he would like to see some sort of a fair on the Pacific Coast, although he did not mention the rival claims of San Francisco and New Orleans.

The president's visitors included Senator Flint, Congressman Knowland, Needham, Smith and President Benjamin Ide Wheeler of the University of California. Theodore Bell, R. B. Hale and Governor-elect Hiram Johnson visited the president later in the day.
